

# The Bioinformatics Roadshow

Date: 5–6 September 2011

Venue: Database Center for Life Science (DBCLS)

Organised by EMBL–EBI in collaboration with  
DDBJ, DBCLS, and NBDC

hands-on training in bioinformatics  
for researchers

Bioinformatics resources and topics covered will include:

- Access to Genes and Genomes with Ensembl
- Transcriptomics and Pathways

For more information and to register, visit [www.ebi.ac.uk/training/roadshow](http://www.ebi.ac.uk/training/roadshow)  
or [motdb.dbcls.jp/?EBI-Roadshow](http://motdb.dbcls.jp/?EBI-Roadshow)

**BRENDA**

The Bioinformatics Roadshow is funded by the European Commission under SLING, grant agreement number 226073 (Integrating Activity) within Research Infrastructures Action of the FP7 Capacities Specific Programme.
